

IMPORTANT SECURITY NOTICE

Persons entering this plan may encounter hazards on the roads or in the areas they will visit. By law, we must inform you of those hazards

The following is a list of hazards you may encounter, together with procedures required for your protection.

CAUTION!!!! ALL TRAFFIC IS LEFT-HAND SIDE OF THE ROAD – BEGINNING AT THE GATE, ON MAIN ROADWAY. OTHER AREAS MAY BE DIFFERENT.

1. **Truck Traffic** and occasionally heavy equipment will be encountered from the office to the area you are visiting. Drive to the left, using non-standard traffic patterns. Most service roads are of sufficient size to accommodate two-way traffic. Give right of way to loaded vehicles or heavy equipment. **Use SAFE SPEED, not excessive,** and keep your vehicle under control at all times, loaded **trucks may pull out from between stockpiles.** Do not follow other vehicles too closely. Do not throw trash or other objects out of your vehicle. **Use caution around shop area. Watch for pedestrians and vehicles pulling out.**
2. **Heavy Mobile Equipment** may be encountered. When approaching heavy mobile equipment being operated, stop or remain well clear until you are certain that the operator has seen your vehicle. Stay in your vehicle while being loaded. Clean loose material from sides and tailgate in area immediately *before* reaching paved road. **Not on paved driveway, or scale.** Trucks with leaking or no tailgate will not be loaded.
3. **EXPLOSIVES** and blasting caps are transported at quarries in vehicles plainly marked “EXPLOSIVES.” You may encounter such a vehicle. Remain a safe distance away from this vehicle, at least two hundred feet.
4. **Spilling/falling rock** may be encountered when driving under a bin or conveyor. Remain in your vehicle when under any portion of the plant. You may avoid this hazard by driving around the plant.
5. **Heavy mobile equipment** operates in active mining or some plant areas over special haul roads, and **may use a non-standard traffic pattern.** You are not allowed on these haul roads, unless you are escorted by a representative of the company or have been specifically instructed. Stay in designated stock pile area unless escorted by a company representative. Stay off stock piles and away from pit area.
6. **Parking your vehicle** in an unauthorized area or in an unsafe manner can create a hazard for others. Do not park directly behind or on the blind side of any mobile equipment. Set your parking brake and shut off your engine. Be sure your vehicle will not roll.
7. **Federal Law** requires that, when you leave your vehicle, hard hats, steel toe shoes, and safety glasses must be worn at all times, except when in, or going from your vehicle, to the office or scale house.
8. **Report** any emergency or unusual condition to a representative of the company. Fire extinguishers are in all equipment and shop. First aid at shop or office.
9. **OBEY ALL POSTED SPEED LIMITS – 15 MPH**

HAVE A SAFE VISIT!
